CTO, TĒXBYTE SOLUTIONS

A personal perspective.

Software freedom

A personal perspective.

- Independence (independent computing)

Software freedom

A personal perspective.

- Independence (independent computing)
- Self sustenance

Software freedom

A personal perspective.

- Independence (independent computing)
- Self sustenance
- Collective improvement

A personal perspective.

- Independence (independent computing)
- Self sustenance
- Collective improvement
- Collaborate with wide contributors

A personal perspective.

- Independence (independent computing)
- Self sustenance
- Collective improvement
- Collaborate with wide contributors with differing views yet on a common objective

Software freedom

A personal perspective.

- Independence (independent computing)
- Self sustenance
- Collective improvement
- Collaborate with wide contributors with differing views yet on a common objective
- Protect privacy

Software freedom

A personal perspective.

- Independence (independent computing)
- Self sustenance
- Collective improvement
- Collaborate with wide contributors with differing views yet on a common objective
- Protect privacy
- Often a better alternative

Software freedom

A personal perspective.

- Independence (independent computing)
- Self sustenance
- Collective improvement
- Collaborate with wide contributors with differing views yet on a common objective
- Protect privacy
- Often a better alternative
- Tinkering!

About the mentor

About the mentor

- Entrepreneur

About the mentor

- Entrepreneur
- ERP software architect

About the mentor

- Entrepreneur
- ERP software architect
- Free (സ്വതന്ത്ര) software developer & user
